MULTI-FUNCTION BOOSTER

The FULBOOST is a compact & ultra-portable multi-function lithium booster to jump-start vehicles, recharge USB devices and emergency lighting.

With improved starting performance, our FULBOOST is now able to deliver 1600A peak current : ideal for jump starting 7.0L Gas and 6.0L Diesel engines as well as all powersports vehicles equipped with a 12V Lead-acid battery. Designed with an internal Lithium-ion battery, our FULBOOST can also recharges all types of electrical appliances (smartphones, tablets, earphones...).

The 150 lumens of its flashlight function are useful in case of emergency. Easy to use, store and charge, the FULBOOST is the ideal back- up solution to put inside any motorcycle trunk, glove box, adventurer's backpack!
